MEMORANDUM FOR THE RECORD:

SUBJECT: Concurrence in Amendment No. 1 to Contract No.  
BC-450, Hycon Mfg. Company, Pasadena, California,  
Project  T&M

25X1

1. This memorandum contains recommendations submitted for approval of the Project Director. Such recommendations are set forth in paragraph 5.

2. Contract No. BC-450 provides for modification, repair and overhaul of photographic equipment and related ground support equipment developed and being produced by the subject contractor and the Perkin-Elmer Corporation for Project AQUATONE and the Department of the Air Force under separate contracts between the Agency and these firms.

3. The contract provided authority for the Contractor to expend an amount not to exceed \$150,000 and was chargeable to FY 1957 AQUATONE funds. It was anticipated that additional funds would be required after some experience was gained as to the amount and type of repairs to be made. The Contractor indicates that by 15 January 1957 the original amount of \$150,000 will be expended. Amendment No. 1 authorizes an increase of \$150,000 or a total authorization of \$300,000. It is possible that \$75,000 additional funds will be required prior to 30 June 1957. Amendment No. 1 provides that of the total amount of \$300,000 that \$255,000 is available for repairs for Customer No. 1 (AQUATONE) and \$45,000 for Customer No. 2 (Air Force). The Contractor is to segregate repair costs for the respective customers and indicate the customer accordingly in his billings. A recap of the funds chargeable is as follows:

FY 1957 AQUATONE Funds	\$255,000
Dept. of the Air Force	
chargeable during FY 1957	<u>45,000</u>
Total	\$300,000
